

ENTRANCE BOOK

INNOVATION IS AN OPEN DOOR

WE OPEN DOORS AROUND THE WORLD TO MAKE LIFE EASIER FOR PEOPLE

We open the doors of emergency and operating rooms
because in those cases every second is precious.

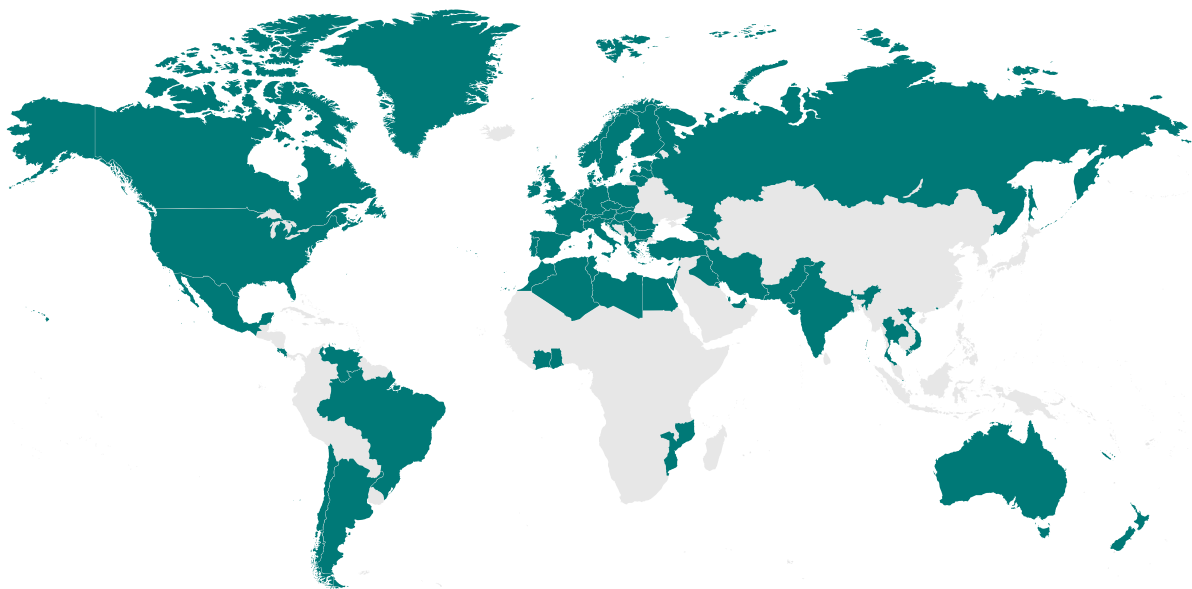

We open the entrances of shops and malls
so that customers can enjoy their shopping.

We open the doors of offices and residential buildings
because security is important,
of hotels because it is nice to enjoy certain comforts
during a business trip or a holiday.

INNOVATION IS AN OPEN DOOR

40²⁰⁺
INNOVATION IS
AN OPEN DOOR

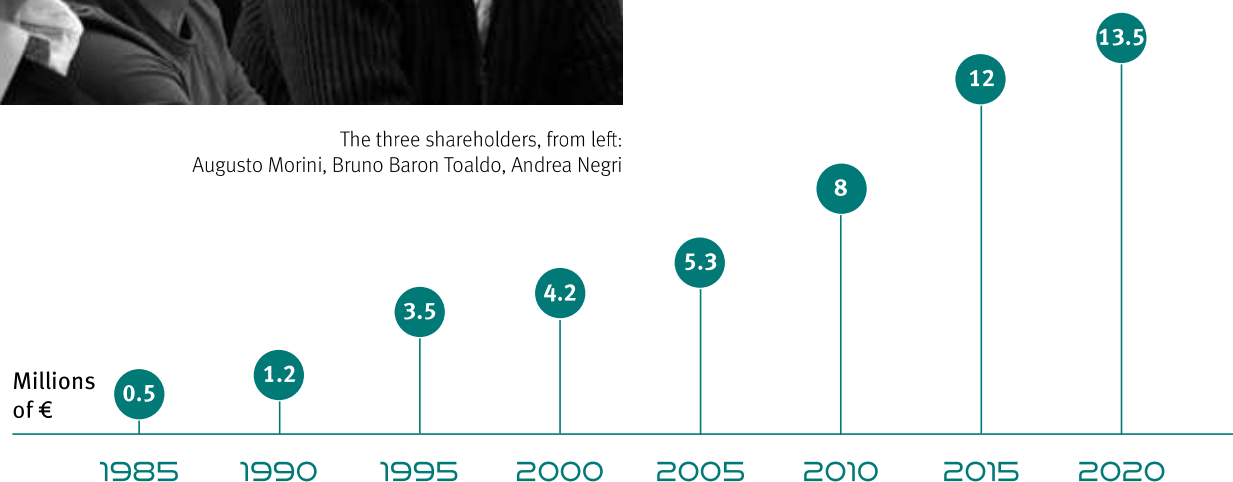

40 YEARS OF KNOW-HOW, INNOVATION AND GROWTH

The three shareholders, from left:
Augusto Morini, Bruno Baron Toaldo, Andrea Negri

"We certainly did not imagine that we would be present with our products in 69 countries when we started our business in 1980. However, we had a clear objective: producing automations for reliable and easy-to-install doors that would appeal to installers and end users. It is a great satisfaction to see that the determination with which we pursued that first goal made us a competitive company internationally"

BRUNO BARON TOALDO, PRESIDENT OF LABEL

LABEL
PASSION
PROFESSIONALISM
RELIABILITY

The Label group consists of 3 business units:
Label S.p.A. is the parent company. It designs, manufactures and markets automations for hospital doors and entrances;
Label Ingressi S.r.l. is our production unit. It realizes finished entrances using modern machining centres;
Label UK Limited is the reference company for the United Kingdom.

Label UK Headquarters

Label Headquarters

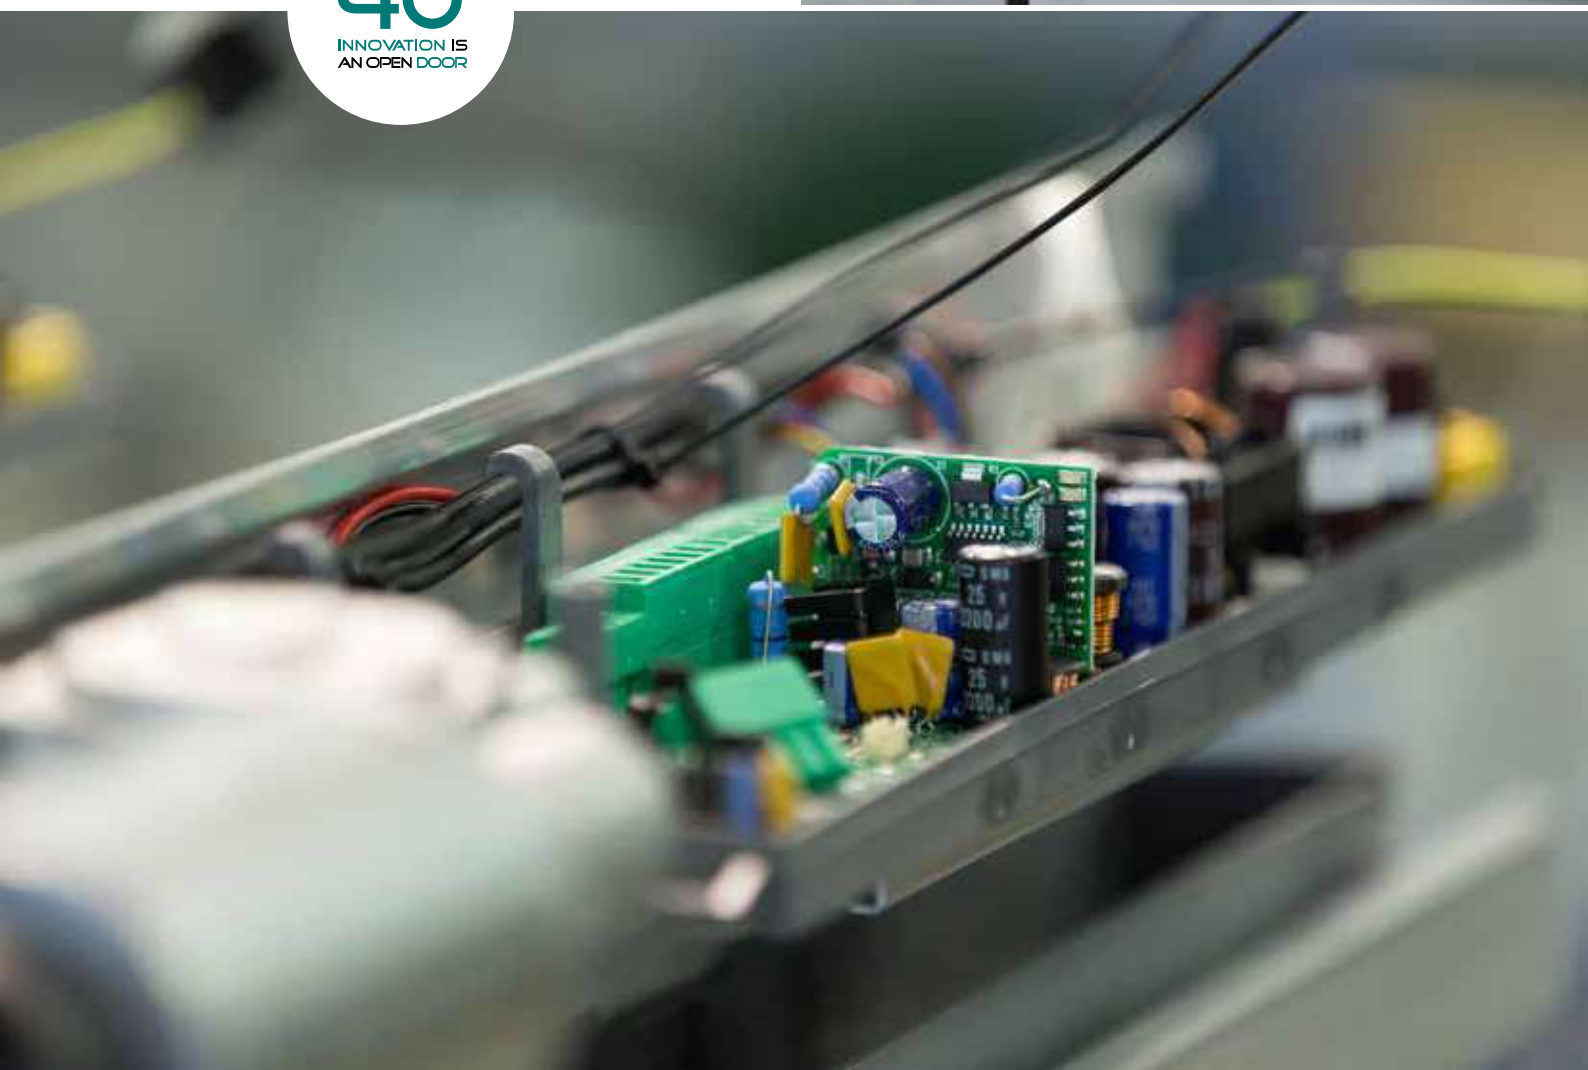

Label Ingressi

Label products are characterized by the elegance of their design, the quality of their materials and the simplicity of installation.

Label automations and entrances are built entirely in Italy by highly specialized personnel. Each product undergoes a strict quality control.

40²⁰₂₀₊
INNOVATION IS
AN OPEN DOOR

ELEGANT DESIGN AND SMALL
DIMENSIONS TO MATCH EVERY TYPE
OF ARCHITECTURAL PROJECT.
STATE-OF-THE-ART TECHNOLOGIES TO
ANTICIPATE MARKET NEEDS.

9,200 square meters of production area,
representatives and installers in 69 countries
allow us to provide **first quality service** to all our
customers.

Label Academy is the training school to
prepare installers to perform all installation and
maintenance tasks.

The **Technical Support** Department assists
designers and specifiers in drafting their
specifications and in choosing the most suitable
product.
